6. Three dirt tubs, one and a half foot high and two and a half feet in diameter, to be secured on the emigrant deck—one aft, one amid ships, and one forward. These will be emptied at the end of each watch, or oftener, if necessary. Two topasses, or scavengers, shall be engaged by the Master of the vessel expressly for attendance on the emigrants.

7. Boats to be provided as follows:—Vessels 300 to under 500 tons, four boats; vessels 500 and under 900 tons, five boats. All boats to be in good serviceable condition, completely equipped

with sails, oars, &c. One boat to be a long-boat, and one a life-boat—the latter to be hung from the quarter davits, ready for lowering at a moment's notice. The yard and stay tackles to be kept ready in the long-boat, so that no delay may occur in hoisting the boat out when necessary to do so. With the exception of the tackles above-mentioned and the boat's gear, nothing to be kept in the boat.

8. A temporary platform will be built over the long-boat for the sole use of the emigrants.

9. The vessel will also be furnished with a suitable fire-engine, or force pump, which shall be kept in good order, in case of fire, and worked from time to time to ensure its being so.

10. The Surgeon or Medical Officer in charge will keep a diary or journal, in accordance with the form and instructions provided him by the Medical Inspector of Emigrants, under the direction and approval of the Principal Medical Inspector General, containing full explanations, as called for by Clause 6 of Section 63.

11. Every emigrant ship shall have a duly qualified Master, and three Mates, to be approved of by the Protector of Emigrants; and an efficient crew.

12. The Master will be particular with regard to the ventilation and cleanliness of the vessel, and attend to any suggestions that may be made by the Medical Officer in charge, with this view.

13. Cleaning parties, in the proportion of five to every 100 adult emigrants embarked, to be selected by the Medical Officer, if possible, from men amongst the emigrants accustomed to Sea service. Such men to be remunerated on the termination of the voyage with five Rupees, if the duty has been performed to the satisfaction of the Medical Officer. Two cooks to every 100 cooking adults embarked, also to be selected, if possible, from men amongst the emigrants accustomed to Sea service. Such cooks to receive a remuneration of ten Rupees each at the end of the voyage, provided the duty has been performed to the satisfaction of the Medical Officer.

14. Before the emigrants are permitted to embark, the vessel shall be inspected by the Protector, who will see—

15. That the space to be occupied by the emigrants is perfectly clear, with the exception of the fittings.

16. That the sides and upper part have been white-washed.

17. Light spars to be lashed to the midship stanchions, fore and aft, three feet from the deck.

18. Double ladders, facing contrary ways, fitted to each hatchway.

19. A sick bay to be set apart on the lower deck (or under the poop of the vessel), to be divided for the different sexes. The space thus set apart, not to be included in the space allotted for berthing the emigrant.

20. In the event of any epidemic or contagious disease breaking out, the parties affected to be immediately separated from the rest of the emigrants, and placed in the long-boat, or other sheltered place on deck, approved of by the Medical Officer.

21. A booby, or slide-hatch, to be fitted for each hatchway, and to be so fitted that they will not be likely to fetch away in the event of meeting with bad weather.

22. A windsail to be fitted for each hatchway.

23. The space allotted to emigrants is to be entirely given up to them. The crew not to be allowed access thereto, except on duty.

24. Two good lamps or lanterns will be kept burning on the emigrant deck,—one forward and one aft,—well secured and locked up, from sunset to sunrise.

25. Naked lights to be strictly prohibited in any part of the vessel. Lucifer matches not to be allowed on board.

26. Smoking below strictly prohibited.

27. The Master will cause the lower or emigrant deck to be visited from time to time by an Officer of the vessel, who will see that there is no infringement of the Rules, and for the prevention of irregularities.

28. Two scuttle-butts for water for the sole use of the emigrants, to be placed securely on the upper-deck.

29. The upper-deck to be kept free from all lumber, in fact of everything but the ship's fittings, the scuttle-butts, and cooking places.

30. Four life-buoys to be kept in readiness,—one on each bow, and one on each quarter.

31. Proper cooking places for the use of the emigrants solely, to be firmly secured on the upper-deck.

32. Necessaries to be fitted on board on each side of the upper-deck (not in the head), in the proportion of one to every seventy-five adults to be embarked; to have a shoot to carry off the soil clear of the ship's side, and to be supplied with a can and bucket for drawing water. One of these to be appropriated exclusively to the women and children.

33. The Master of the vessel shall appoint one of his Officers to attend at the daily issue of provisions and water to the emigrants.

34. Any suggestions with regard to alterations of diet, or the issue of "extras," made by the Medical Officer in charge, to be duly attended to by the Master, who will enter the same in the official log,—the Medical Officer attaching his signature thereto, in token of its having been done at his recommendation.

35. The water for the use of emigrants shall be carried in iron tanks, or casks of well-seasoned hardwood,—the casks to be chunamed inside, and no cask capable of containing more than 300 gallons of water.

36. Should the Medical Officer in charge of the emigrants be unable to converse with them in their vernacular language, an interpreter shall be provided by the Agent of the ship, or Master, to be approved of by the Protector of Emigrants.

37. The final examination proving satisfactory, the Protector will authorize the embarkation of the emigrants, provided the Medical Inspector is satisfied that there is nothing in the state of

their health, or in that of the general population of Bombay, to render it unadvisable.

38. All Regulations having been complied with, the Protector will deliver the License to the Agent or Master of the vessel, and then the vessel may proceed on her voyage.

No. 2122.

The 5th July 1865.

Notifications.—The Governor General in Council has been pleased to determine that all Barristers-at-Law, English Pleaders (Vakeels) and Attornies-at-Law shall, if they so wish, be admitted to the examinations held by the Board of Examiners at Calcutta, under the revised Rules for the examination of Military Officers, published in G. G. O. dated 9th September 1864.

In any case in which acquaintance with a Native language is a necessary qualification for office or employment under Government, a Certificate from the Board of Examiners, of Proficiency in such language, according to the second standard, as laid down in the Rules above-mentioned, will be held as a proof of the qualification required, and as exempting any Barrister, Pleader, or Attorney from all further compulsory examination in the said language.

The holder of a Certificate of Proficiency in any language or languages from the Board of Examiners, according to the second standard, will also be allowed to present himself for examination in the same language or languages by the higher standards, and to obtain Certificates of High Proficiency or degrees of honor.

All applications for examination to be made to the Secretary to the Board of Examiners, through the Court in which the Barrister, Pleader or Attorney is practising, or in the case of Barristers-at-Law, Pleaders and Attorneys holding Government appointments, through the Secretary to Government under which they are serving, on or before the 25th of the month, to admit of their appearing at the monthly general examination which is usually held on the first Monday in the month, not being the 1st or 2nd of the month.

No examination, under the authority contained in this Order, shall confer a claim to Moonshi Allowance or to any pecuniary reward.

FINANCIAL DEPARTMENT.

No. 1205.

Extract from the Proceedings of the Government of India in the Financial Department, Simla, under date the 5th July 1865:

Read again the Financial Resolution No. 2189, dated 20th April 1865, directing the introduction, into the Civil Department, of a system of Audit and Account on the model of the English system.

RESOLUTION.—The Governor General in Council observes that the amalgamation of the Offices of the Deputy Auditor and Accountant General and the Civil Pay Master, was approved in para. 31 of the Resolution dated 20th April 1865.

2. As a first step, the Office Establishments of those functionaries will be amalgamated as they stand, reductions being effected immediately of such clerks and servants as, in the opinion of the Deputy Auditor and Accountant General, may have become palpably superfluous,—the general revision of the Office being deferred till there shall have been sufficient experience of the requirements of the new system. Such further modifications, however, as may be absolutely necessary, may be made provisionally by the Deputy Auditor and Accountant General, with a careful regard to the saving which ought ultimately to accrue from the amalgamation of the two Office Establishments, and subject to immediate report to the Government of India.

3. The arrangements which may be made for a proper post-audit and for reports to the Local Governments, on claims to pension and on applications for leave, &c., can also in many cases be adapted so as to admit of the pre-examination of claims payable at stations where there are Accountants General, on the plan recommended by the English Commissioners of Inquiry into Indian Accounts.

4. At Calcutta, Madras, and Bombay respectively, an Examiner of Claims has however been specially allowed; but until further experience of the new system, a similar appointment will not be allowed for any other Province or Administration. When the several Examiners are not employed on the work appertaining more immediately to their appointments, their services will be available for such other additional duties as may be assigned to them by the Accountant General.

5. In paras. 386—387 of the Report on Civil Accounts, the Commissioners urged the necessity for providing an efficient Deputy to each Deputy Auditor and Accountant General, if the present defective control over Treasuries, and over the internal working of the local Account Offices, is to be remedied. The expediency of utilizing for this

object the Officers now serving as Civil Pay Masters, was suggested by the Commissioners. The Governor General in Council approves of the recommendation, and is pleased to decide accordingly that, for the Presidencies of Madras and Bombay, and for Bengal, the North-Western Provinces and the Punjab, there shall be allowed, without any increase of emoluments, an Accountant General and a Deputy Accountant General, in place of the present Deputy Auditor and Accountant General and Civil Pay Master. In the North-Western Provinces and the Punjab, the duties which in Calcutta, Madras, and Bombay are allotted to Examiners of Claims, will be performed by the Deputy Auditor and Accountant General, in addition to any other which may be assigned to him by the Accountant General.

6. An Accountant General without a Deputy will be retained, within the present scale of charge, for British Burmah; and the existing provision of a Deputy Accountant General for Hyderabad and the Assigned Districts, and for the Central Provinces, will continue.

7. Considerable embarrassment has been experienced in the posting of the Officers of Account to Presidencies and Provinces from the circumstance that, whereas they are on a general list for employment in any part of India, the position of an Accountant General or Deputy Accountant General in the classified list of the Department, is dependent in many cases on the locality in which he serves. This inconsistency will now be removed by making salaries personal and not local.

8. By the Financial Resolutions No. 84, dated 13th May 1862, and No. 69, dated 29th August 1862, the Officers in the Financial Department below the Financial Secretary, and in the Civil Departments of Audit and Account were formed into classes in a department under the Government of India, with the same scale of pay in each class for Covenanted Officers appointed to the Department after 13th May 1862, and for Uncovenanted Officers. No alteration in this arrangement will be made.

9. For the Covenanted Officers who were in the Department on 13th May 1862, certain higher salaries were retained in the first three classes, in order to preserve to them the prospects, on the faith of which they entered the Department.

10. In this way, and from the effects of certain minor modifications of a later date, the sanctioned scale of charge for Officers in the Departments of Account and Audit, as originally constituted by the Resolution of 13th May 1862, is as follows, viz. :—

Class I.—5 Officers.

Ordinary salary in the Class, Rupees 1,500 monthly,—rising by Rupees 100 a month, after each year of service in the Class, to a maximum of Rupees 2,000 monthly.

Exceptional.—Of the five ordinary salaries in the Class, four are in abeyance by the payment of the following in lieu, viz. :—

2 on Rs. 3,000 monthly.
2 on Rs. 2,500 do.

These are held by Covenanted Officers already in the Class, and they will be retained for other Covenanted Officers who were in the Department

on 13th May 1862, and who may succeed to any one of these four exceptional salaries.

Class II.—7 Officers.

Ordinary salary, Rupees 1,000 a month,—rising to Rupees 1,500 monthly, by an increase of Rupees 75 a month, after each year of service in the Class.

Exceptional.—Of the seven ordinary salaries, five are in abeyance by the payment of the following in lieu, *viz.* :—

- 1 on Rs. 2,500 monthly.
- 2 on Rs. 2,000 do.
- 2 on Rs. 1,500 do.

These are held by Covenanted Officers already in the Class, and they will be retained for their benefit and for that of the only Covenanted Officer in the III. Class who entered the Department before 13th May 1862, and who severally may succeed to any of these five exceptional salaries.

Class III.—5 Officers.

Ordinary salary, Rupees 800 a month,—rising by an annual increase of Rupees 50 a month, after each year of service in the Class, to a maximum of Rupees 1,000 a month.

Exceptional.—Of the five ordinary salaries, one has been in abeyance hitherto by the payment in lieu, of a salary of Rupees 1,425, rising from 1st May 1863 to Rupees 1,500 monthly. This will now be in a abeyance by the temporary promotion of the Covenanted Officer who held it, to a higher Class.

Class IV.—11 Officers.

Ordinary salary, Rupees 600 a month,—rising to Rupees 800 by an increase of Rupees 50 monthly, after each year's service in the Class.

Class V.—24 Officers.

Salary, Rupees 400 a month,—rising to Rupees 600 by an increase of Rupees 50 a month, after each year's service in the Class.

11. His Excellency in Council is pleased further to rule that the posting of an Officer to any Province will not confer a title to any higher salary than that of the class from which the Officer is taken, unless the appointment is accompanied by promotion to a higher class, or by a nomination to act in a higher class.

12. With regard to the undermentioned appointments wherever they exist, the designations of the local Officers of Account and Audit will be hereafter as follows :—

- 1.—Accountant General of the Local Government or Administration.
- 2.—Deputy Accountant General.
- 3.—First Assistant to Accountant General.
- 4.—Second Assistant to Accountant General.
- 5.—Examiner of Claims.

13. All other Officers, whether belonging to the late Civil Pay Masters' Offices, or the Offices of the Deputy Auditor and Accountant General, will be entered as Assistants in the Offices of the Accountants General, to which they are attached. They will be borne in the proper order of precedence or seniority on the classified list, if belonging to that list, or on the rolls of the Establishment of which they form a part.

14. In accordance with the terms of this Resolution, and having regard to existing vacancies and to the special Rules of the Department, which allow Covenanted Officers on furlough to retain a lien on their appointments in the Department while their salaries are available for Officers in actual employment in the Department, the Governor General in Council has determined on the following disposition of the several Accountants General, Deputy Accountants General, and other classified Officers employed in the Account Department in the several Presidencies and Administrations :—

No. 661 of 1865.—His Excellency the Governor General in Council is pleased to announce that it has been decided by the Right Hon'ble the Secretary of State for War, that all authorized periods of leave of absence may be included as part of the six years' service in the rank of Field Officer required to entitle a General Officer to the unattached pay of the latter rank.

No. 662 of 1865.—The following Standing Order of the Government of India, Public Works Department, No. 28 of 1865 (Construction and Repair of Roads and Drains in Cantonments, and General Conservancy), is published for general information:—

No. 28.

Construction and Repair of Roads and Drains in Cantonments, and General Conservancy.

(Supersedes Section 3, Chapter V., P. W. Code).

1. The principal lines of communication in every Cantonment will be formed and metalled by the Executive Engineer at the public expense.
Metalling main roads,
2. No road may, on the first occasion, be metalled at the expense of the State without the sanction of the Local Government or Administration, to be obtained on the report of the Station Board of Health.
sanction necessary.
3. The report of the Board must be accompanied by a sketch map of the Cantonment, on which the roads which require metalling
Instructions for report of Board.

must be distinguished from all other roads. Where the project is of any extent, the direction and distance of the nearest large town, of the Railway, Trunk Road, and of any other grand line of communication which may be near the Cantonment, must be noted on the map; and all the circumstances which induce the Board to recommend the metalling of certain roads in preference to others, must be clearly stated in the report.

4. Under the orders of the Local Government or Administration, there is no objection to the employment of Local Funds on the construction of new roads, metalled or unmetalled, or on the laying down of metal on unmetalled roads made by Government.

5. The Executive Engineer is responsible for the proper drainage of Cantonments, and will execute, at the expense of Government, on estimates duly submitted and authorized under the usual Rules, all works necessary for the general scheme of drainage, inclusive of all culverts on roads (metalled or unmetalled), originally constructed at Government expense.

6. When roads are about to be constructed in Cantonments from Local Funds, or by private individuals (as in the case of roads or paths leading to private estates), the necessary drainage works, such as side drains, falls, culverts, &c., shall be constructed by the parties making the road, on designs approved of by the Executive Engineer, who will also determine whence the earth for the embankments is to be obtained, or how that from cuttings is to be disposed of.

7. The same principle shall apply to the repairs of roads, clearance of drains, and to the execution of other petty works, which may affect the roads and culverts, or any other works in charge of the Executive Engineer.

8. No excavations of any kind by private persons should be permitted in Cantonments, excepting with the sanction of the Commanding Officer, or in conformity to any general rules on such subjects which have received the approval of the Commanding Officer or other competent authority.

9. All roads and drains in a Cantonment, whether originally constructed by the Government, or from Local Funds, or other sources, will be under the general charge of the Executive Engineer of the station, under whose instructions all necessary repairs to them will be carried out, irrespective of the source whence the funds for such repairs are derived.

10. A fixed annual grant will be given by the Government of India in aid of the maintenance and repairs of roads and drains in every Military Cantonment, which may, at the discretion of the Local Government or Administration, be expended by an establishment (either fixed or variable, according to the season of the year), or on regular estimates submitted from time to time by the Executive Engineer. In the former case, a statement showing the work performed, must be submitted with the Executive Engineer's monthly accounts.

11. Sums required for the maintenance of roads and drains in Cantonments, in excess of the Government grants, may be supplied from Local Funds, at the discretion of the Local Government or Administration, and expended under the instructions of the Executive Engineer, according to such rules as the Board entrusted with the Local Funds may lay down under proper authority. With the conservancy proper of Cantonments, such as clearing away refuse, removing rank vegetation, filling up holes, and works of a like kind, which are not engineering operations, and require no professional skill for their execution, the Executive Engineer has no concern except as a member of the Board of Health, and no work of the above nature will

be carried out by the Public Works Department. The Local Government or Administration will settle any points of a doubtful character.

12. For the ordinary conservancy of Military Stations, that is, the cleansing, the removal of rubbish and of nuisances, a fixed sum is allotted by the Government of India in the Military Department, in aid of the Cantonment Funds, from which any additional sum that may be requisite for conservancy purposes must be supplied. The expenditure of these funds is entrusted to the Board of Health, under special Rules framed by the Government of India in the Military Department.

13. The Government allowance in aid of road maintenance, has been fixed for most stations of the Bengal Army. In those cases in which no grant has been determined on, and for all new Cantonments, the amount to be allowed will be estimated by the Board of Health, whose report will be submitted with the recommendation of the Local Government or Administration, for the final orders of the Government of India.

14. The report must show clearly the data upon which the recommendation of the Board is based, and must be accompanied by a map showing the roads and drains in Cantonments, the repairs of which are proposed to be provided for. In fixing the amount of the grant, the Government of India will consider, on the reports of the local authorities, which should give all needful information, what sum can be fairly made available from the Local Cantonment Funds, in aid of this object. Under no circumstances will the grant exceed such a sum as will suffice for the maintenance and repairs of roads formed or metalled at Government expense (see Rule 1), and of all the Cantonment drains.

15. The foregoing Rules are applicable to the Presidencies of Madras and Bombay,—the name of the Local Government being substituted for that of the Government of India throughout.

16. The appended list shows the amounts already sanctioned by Government for the repairs of roads and drains in various Cantonments.

No. 668 of 1865.—The following Military letter from the Right Hon'ble the Secretary of State for India, No. 176 of the 25th May 1865, is published for general information:—

MILITARY.

INDIA OFFICE;

No. 176.

London, the 25th May 1865.

To His Excellency the Right Hon'ble the Governor General of India in Council.

SIR,—Para. 1. I have received and considered in Council your Military letter No. 88, dated 21st February 1865, forwarding correspondence relative to a proposal submitted by the Inspector General of Ordnance and Magazines, that Officers of the Royal Artillery in India should be encouraged to qualify themselves for appointments in the Ordnance Department and Manufacturing Establishments, by undergoing the course of study and training laid down in General Order to the Royal Artillery, No. 492, dated Horse Guards, 2nd November 1863.

2. Lieutenant Garrett, 3rd Class Commissary of Ordnance, has, it appears, submitted an application to proceed Home for two years for the above purpose, declaring his readiness to forfeit Indian and staff allowances, provided he be permitted to resume his appointment on his return, and to reckon the period as service in India towards pension.

3. Your Government have not felt authorized to comply with this request, but you consider that the benefit to the service which would result, if Officers now in the Ordnance Department would go through the course of study in question, would be so great that you recommend that the request be granted; and further, that permission be given to one Officer in each grade of the Commissaries of Ordnance to be absent for the same purpose, if so many should apply for the indulgence, and if the Inspector General of Ordnance can in each case recommend the applicant as one who would be likely to derive from the course the full benefit which it is intended to afford.

4. I concur with your Government in considering it desirable that Officers of Artillery, either having or desiring to have, employment in the Ordnance Department, should be encouraged to undergo the course of study to which you refer.

5. There are, however, a large number of Artillery Officers belonging to the Indian Brigades of Artillery always in this country; and I have been informed by His Royal Highness the Field Marshal Commanding-in-Chief that Officers of Brigades of Royal Artillery serving in India are eligible to compete for appointment to the advanced class of Officers referred to in the above-mentioned General (Artillery) Order. Abundant opportunity is thus offered to the Officers of those brigades to go through that course of study, and to qualify themselves for employment in the Ordnance Department in India.

6. All Officers passing through the course, and receiving satisfactory testimonials at its termination, will be permitted to count as service for pension one-half of the time so employed; but I do not consider it necessary or expedient to sanction a departure from the established Rules of the

service in the case of Officers actually holding staff appointments of this nature, by permitting them to retain the appointment during absence from India beyond the period allowed under existing Regulations.

7. His Royal Highness the Field Marshal Commanding-in-Chief has suggested to me, in reference to this subject, that the actual appointments to the Ordnance and Manufacturing Departments, both in Europe and in India, should be open to the Officers of the regiment generally whose brigades respectively are in those countries, and who may have qualified for such appointments by passing satisfactorily through this class, without reference to whether they belong to the old or the new brigades of Artillery.

8. I have informed His Royal Highness that I fully concur in this opinion; but that, with respect to the appointments in India, it will be necessary the candidates pass the language or other test specially laid down for staff employment in that country.

I have, &c.,

(Signed) C. Wood.

HOME DEPARTMENT.

LEGISLATIVE.

The following Act of the Governor General of India in Council received the assent of His Excellency the Governor General on the 14th July 1865, and is hereby promulgated for general information:—

ACT No. XXIV. of 1865.

An Act to give effect to certain Warrants of Attorney and Cognovits.

WHEREAS it is expedient to give effect to Warrants of Attorney to confess judgment in suits in the High Court of Judicature at Fort William in Bengal which were executed on the first day of July 1862, being the date of the establishment of the said Court, or on the date of the passing of this Act, or on any intermediate day, and to Cognovits executed or given on any of the days abovementioned by any defendant in any suit pending in the same Court: And whereas it is also expedient to render valid judgments which have been signed on such Warrants of Attorney and Cognovits respectively, and executions and subsequent proceedings which have been sued out and taken thereon; It is enacted as follows:—

1. Judgment may be signed in the said High Court upon every Warrant of Attorney and Cognovit actionem executed or given in or relating to proceedings in the same Court on the said first day of July 1862, or on the date of the passing of this Act, or on any intermediate day, in the same manner as judgments were signed in the late Supreme Court of Judicature at Fort William in Bengal upon Warrants of Attorney and Cognovits executed or given in or relating to proceedings in such Court; and all such Warrants of Attorney and Cognovits shall be subject, as nearly as circumstances permit, to all rules of Court and provisions of Acts of Parliament which were in force at the time when

the said High Court was established, and to which Warrants of Attorney and Cognovits given in or relating to proceedings in the said Supreme Court were then subject.

2. A judgment entered up or signed on any Warrant of Attorney or Cognovit to which this Act extends shall be deemed a decree of the said High Court, and may be executed and enforced accordingly.

3. Any judgment which has been signed on any such Warrant or Cognovit in the said High Court shall be deemed to be and always to have been as valid and effectual as if the same had been signed in the said Supreme Court upon a Warrant of Attorney or Cognovit given in that Court; and every writ of execution which has been sued out thereon, and every execution of any such writ, and all proceedings taken thereon, shall for all purposes be deemed and taken to be and always to have been as valid and effectual as if the same had been sued out of the said Supreme Court upon a judgment signed in the same Court upon a Warrant of Attorney or Cognovit given in or relating to proceedings in that Court; and no suit or other proceeding shall be commenced, prosecuted or carried on against any person for any thing done under or in pursuance of such judgment or execution which could not have been maintained if such judgment had been entered up in the said Supreme Court upon a Warrant of Attorney or Cognovit executed or given in or relating to proceedings in that Court, and the execution had been issued on such judgment.

4. The said High Court shall have the same powers to set aside or annul any such Warrant or Cognovit and any judgment signed thereon and any execution issued upon such judgment, as the said Supreme Court exercised with respect to Warrants of Attorney or Cognovits executed or given in or relating to proceedings in that Court and to judgments entered up thereon and to executions upon such judgments.

5. Every Warrant of Attorney and Cognovit executed or given after the passing of this Act, in or relating to proceedings in the said High Court, or in any other High Court of Judicature in British India, and every judgment, signed thereon, and all executions issued upon such judgments, shall be deemed null and void.

6. This Act may be extended, *mutatis mutandis*, to the High Court of Judicature at Bombay, by an order of the Governor in Council to be published in the Local Government Gazette.

This Act may be extended to the High Court at Bombay.

E. C. BAYLEY,
Secy. to the Govt. of India.

The following Act of the Governor General of India in Council received the assent of His Excellency the Governor General on the 14th July 1865, and is hereby promulgated for general information :—

ACT No. XXV. of 1865.

An Act to amend the Law relating to the duties of Customs on goods imported and exported by Sea.

WHEREAS it is expedient to amend the Law relating to Customs duties; it is enacted as follows :—

1. Act XVII. of 1865 is repealed.
2. In lieu of the Customs duties authorized to be charged in Act VII. of 1859 (to alter the duties of Customs on goods imported or exported by Sea), Act XXIII. of 1859 (to alter the rates of duty on goods

Customs Duties to be levied as proscribed in the Schedules annexed to this Act.

imported or exported by land from certain Foreign Territories into or from the Presidencies of Madras and Bombay, respectively), Act X. of 1860 (to amend Act VII. 1859 to alter the duties of Customs on goods imported or exported by Sea), Act XI. of 1862 (to amend Act X. of 1860, to amend Act VII. of 1859), Act XXIII. of 1862 (to amend Act XI. of 1862), and Act XXIII. of 1864 (to amend the Law relating to the Customs duties on goods imported by Sea), there shall be levied and collected the duties specified in the two Schedules A. and B. annexed to this Act. Provided always that nothing herein contained shall be deemed to alter the existing duties upon Salt and Opium, or to authorize the levy of duties in any free Port, or to affect the provisions of Act VI. of 1848 (for equalizing the duties on goods imported and exported on Foreign and British bottoms, and for abolishing duties on goods carried from Port to Port in the Territories subject to the Government of the East India Company), or to affect the provisions of the Consolidated Customs' Act.

3. So far as regards the Customs duty on the export of Saltpetre authorized to be levied by Schedule B. hereunto annexed, this Act shall take effect as if it had been passed and had received the assent of the Governor General on the ninth day of March 1865; and so far as regards the alterations made by this Act in Schedules A. and B. of the Customs duties which were authorized to be levied by Act XVII. of 1865, this Act shall take effect as if it had been passed and had received the assent of the Governor General on the first day of April 1865, and all duties which may have been levied from and after that date, other than those authorized to be levied according to Schedule B. annexed to this Act, shall be refunded. But save as aforesaid this Act shall take effect from the fourteenth day of July 1865.

No. 23.

London, the 31st May 1865.

To His Excellency the Right Hon'ble the Governor General of India in Council.

SIR—Herewith is forwarded a copy of an Order of Her Majesty in Council, dated the 18th May 1865, by which the benefit of the Foreign Deserters' Act, 1852, is extended to ships belonging to subjects of the sublime Porte.

Act, 1852, is extended to ships belonging to subjects of the sublime Porte.

I have, &c.,

(Signed) C. Wood.

At the Court at Windsor, the 18th day of May 1865.

PRESENT :

The Queen's Most Excellent Majesty in Council.

WHEREAS by the Foreign Deserters' Act, 1852, it is provided that whenever it is made to appear to Her Majesty that due facilities are or will be given for recovering and apprehending seamen who desert from British Merchant Ships in the territories of any foreign power, Her Majesty may by Order in Council stating that such facilities are or will be given, declare that seamen, not being slaves, who desert from Merchant Ships belonging to a subject of such power when within Her Majesty's dominions, shall be liable to be apprehended and carried on board their respective ships, and may limit the operation of such Order, and may render the operation thereof, subject to such conditions and qualifications (if any) as may be deemed expedient :

And whereas it has been made to appear to Her Majesty that due facilities will be given for recovering and apprehending seamen not being Turkish subjects, who desert from British Merchant Ships in the territories of the sublime Porte :

Now therefore Her Majesty, by virtue of the powers vested in Her by the said Foreign Deserters' Act, 1852, and by and with the advice of Her Privy Council, is pleased to order and declare, and it is hereby ordered and declared, that from and after the publication hereof in the *London Gazette*, seamen not being slaves and not being British subjects, who desert from Merchant Ships belonging to subjects of the sublime Porte within Her Majesty's dominions, shall be liable to be apprehended and carried on board their respective ships; provided always, that if any such deserter has committed any crime in Her Majesty's dominions, he may be detained until he has been tried by a competent Court, and until his sentence (if any) has been fully carried into effect.

And the Right Hon'ble the Lords Commissioners of Her Majesty's Treasury, the Secretary of State for the Colonies and the Secretary of State for India in Council, are to give the necessary directions herein accordingly.

No. 689 of 1865.—The undermentioned Officer is permitted to proceed to Europe, on leave of absence, on sick certificate:—

Lieutenant George Logan, of the late 4th European Regiment, Quarter Master, 29th (Punjab) Regiment, Native Infantry. *For twenty months, under the new Regulations.*

The 13th July 1865.

No. 690 of 1865.—In continuation of G. G. O. No. 734 of the 9th September 1864, His Excellency the Governor General in Council is pleased to announce that examinations for the *First Standard* in Hindustani will in future be conducted by Station Committees assembled under the orders of Officers Commanding, on the first Monday in every alternate month, at the Head Quarters of all Divisions and Districts, or at all Brigade Stations. Such examinations will not take place before the Board of Examiners at Fort William.

II. The Committees will consist of a President and two Members, the former being if possible an Officer who has passed the Interpreter's examination, or by the Second Standard, under the new Rules; and the latter Officers who have passed the Interpreter's examination, or by the Second Standard, or in Hindustani.

III. For the examination of Surgeons and Assistant Surgeons, Committees will be composed of two Officers who have passed examinations as above, and a medical Officer of standing in the service.

IV. To ensure uniformity in conducting these examinations, and for the guidance of these Committees, the accompanying extracts from G. O. G. G. of the 9th September 1864, are republished, together with the following Rules, and strict attention to them is enjoined on all Officers who may be employed on this duty, as the object of Government in appointing this examination will be altogether defeated, unless they have some sound guarantee that the proficiency of those who pass them is in accordance with the prescribed Standard:—

OBJECTS OF THE FIRST STANDARD.

1. The object of the First Standard is to ensure that Officers passing it shall have acquired such a knowledge of the Hindustani language as shall enable them efficiently to discharge their Military or professional duties when serving with Native troops.

2. To this end candidates will be tested as to their ability to read and translate passages from easy Hindustani books written in the Persian and *Deva Nagari* characters; and to speak on and interpret common or professional subjects, so as to understand, and to be understood by, any ordinary uneducated native of India.

TESTS.

First.—Reading fairly, and construing with accuracy, not less than half of an octavo page of the undermentioned works:—

1.—“Hindustani Selections”* in the Persian character.

2.—“Hindustani Selections”* in the Deva Nagari character.

Second.—Conversing with the Examiners, or with natives of India, on subjects likely to occur in the performance of regimental or professional duty, in the transaction of ordinary business, or in the course of every-day life.

V. If this test be applied through the medium of a native of India, he should speak the plain Hindustani of the Presidency or Province in which the examination is held, free from peculiarities of idiom and dialect, and not a *Patois*, and though, as regards the performance of professional duties, it must, to a certain extent, be technical in its nature; if, in other respects, the candidate prove his ability to comprehend readily all that is said to him, and to make himself fairly intelligible, more should not be required.

VI. The President of the Committee will be held responsible that the examination is conducted with propriety, and it will be his special duty to take proper precautions that none of the candidates, before examination, become acquainted with either the passages set in the books, or, during examination, hold communication with any one, except the Committee, either candidates or others.

VII. With a view to facilitate the attainment of this object, the place selected for holding the meetings of these Committees, should be the most spacious room in the station which may be available for the purpose, and the Committee should meet there about one hour before the time

* Until these Selections have been prepared, candidates will be examined in the first half of the *Bagh-o-Bahar*, and the first half of the *Bytal Pachoosee*.

appointed in orders for the examination, to prepare the exercises.

VIII.—The colloquial examination of each candidate will be carefully recorded in writing by the Committee, and a copy of this record will be forwarded with the Committee's Report to the Adjutant General of the Army. It is in this portion of the examination that discretion and judgment on the part of the Examiners is most required; and in conducting it, Committees should strictly follow the instruction laid down in the extract from the Orders of the 9th September 1864, above quoted. Questions intended simply to puzzle a candidate

should be particularly avoided. The questions need not exceed 15, but should not be less than 10 in number.

IX.—The remarks of the Committee in the Report should be expressed definitely and concisely, thus—"excellent," "very good," "good," "tolerable," "indifferent," "very indifferent," "bad," "very bad."

X.—The Reports of the Committee will be in the following form, and will be forwarded by the President of the Committee, direct to the Adjutant General of the Army, the day after the examination.

Proceedings of the Committee of Examiners on the examination of

held this day, by the First Standard as laid down in

G. G. O. dated 9th September 1864, No. 734.

2. It is to be understood that the allowance of ammunition for exercise, granted as above, is for *Regimental Instructions*, and is not to be made use of on occasions when Artillery are required to act with other troops.

3. Additional gun ammunition for exercise will be issued at the discretion of General Officers Commanding on occasions on which they may order the Artillery to act with other troops at Reviews, Field-days, &c., &c.; this ammunition to be obtained on requisitions of Commanding Officers of Artillery, from the Ordnance Department.

4. At stations where the guns of Heavy Batteries are available for practice for Garrison Batteries, they are to be made use of, and the ammunition to be indented for, will be the same as for Heavy Batteries. At other stations the indents will include the necessary Ordnance, as well as the Ammunition.
